# MESSAGE FROM THE PRESIDENT

Greetings. It gives me great pleasure to announce the 2020 PMI KSA Excellence Awards. This prestigious award goes to recognize and honor an individual who has made outstanding contributions to the project management profession or its practice through leadership, technical project management, and strategic and business management acumen. Projects are evaluated based on their level of successful execution of the pillars of project management: schedule, cost, scope, quality, risk, etc.

As a local program, the Excellence Award focuses on local projects while offering recognition and benefits to practitioners and sponsors similar to the national award. The Excellence Award operates on an annual cycle, recognizing only one winner each calendar year. Projects are objectively evaluated by a panel of local, highly experienced, PMP credential holders.

In hosting this award, we aim to instill a project management culture where all ideas are welcomed, celebrated and supported. I look forward to seeing the leaders of tomorrow shine through their potentialities, march forth towards their endeavors, and add value to our very vibrant community.
